STRATEGIC GOALS OF THE UNIVERSITY HOUSE OF EDUCATION

Goals

Strategic Goals	Operational Goals
Increase the quality of education by improving the training of actors	Identify synergies and pool actions, spaces and tools
Feed research through field education. Improve teaching practices by building on research	Identify possible interactions between pedagogical practices and hypotheses or research findings
Support initiatives to ensure the excellence of teacher education by strengthening the link that binds it to research	Use the critical mass achieved to make it a unique mission
Open the world of education to citizens	Establish partnerships and a cultural agenda open to external proposals
